Uniform Residential Appraisal Report

411-7095208

File # 411-7095208

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address 2471 Schnorf Jones Rd | City Arcanum | State OH | Zip Code 45304

Borrower Colton Beatty & Alyssa Suter | Owner of Public Record Clinton & Heather Magel JR SURV | County Darke

Legal Description PT W1/2 NW1/4 NW1/4

Assessor's Parcel # K39-0-407-08-00-00-40901 | Tax Year 2025 | R.E. Taxes $ 2,601

Neighborhood Name Monroe Twp/FM SD | Map Reference 24820 | Census Tract 5701.02

Occupant ☐ Owner ☒ Tenant ☐ Vacant | Special Assessments $ 0 | ☐ PUD | HOA $ 0 ☐ per year ☐ per month

Property Rights Appraised ☒ Fee Simple ☐ Leasehold ☐ Other (describe)

Assignment Type ☒ Purchase Transaction ☐ Refinance Transaction ☐ Other (describe)

Lender/Client Click n' Close, Inc. | Address 15301 Spectrum Drive, Suite 405, Addison, TX 75001

Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? ☒ Yes ☐ No

Report data source(s) used, offering price(s), and date(s). DOM 5;Per DAB MLS:#971809 10/30/2026

CONTRACT

I ☒ did ☐ did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed. Arms length sale;Fully executed contract. Per Contract Line #89 "THE FOLLOWING ITEMS (WHICH ADD NO ADDITIONAL VALUE TO THE REAL ESTATE) ARE SPECIFICALLY INCLUDED WITH THE REAL ESTATE": Propane in tank.

Contract Price $ 395,000 | Date of Contract 10/31/2026 | Is the property seller the owner of public record? ☒ Yes ☐ No | Data Source(s) Contract, Auditor

Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower? ☒ Yes ☐ No

If Yes, report the total dollar amount and describe the items to be paid. $5,000;;In addition to costs incurred in order for Seller to fulfill the terms of the Contract and to provide marketable title, Seller agrees to pay actual settlements charges and/or other fees due at Closing on behalf of the Buyer, including, but not limited to, discount points, closing costs, pre-paids and any other fees allowed by Buyer's lender in an amount not to exceed $5,000.00. Propane in tank.

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics				One-Unit Housing Trends				One-Unit Housing			Present Land Use %	
Location	☐ Urban	☐ Suburban	☒ Rural	Property Values	☐ Increasing	☒ Stable	☐ Declining	PRICE	AGE		One-Unit	15 %
Built-Up	☐ Over 75%	☐ 25-75%	☒ Under 25%	Demand/Supply	☒ Shortage	☐ In Balance	☐ Over Supply	$ (000)	(yrs)		2-4 Unit	1 %
Growth	☐ Rapid	☒ Stable	☐ Slow	Marketing Time	☒ Under 3 mths	☐ 3-6 mths	☐ Over 6 mths	275	Low	46	Multi-Family	1 %
Neighborhood Boundaries	State Route 47 (north), St Rt 48 (east), US Rt 35 (south) and Ohio Indiana State Line (west).							436	High	71	Commercial	4 %
Approximate								280	Pred.	53	Other	79 %

Neighborhood Description Small acre residential properties, hobby farms, larger working farms & rural villages. Immediate location is 5 miles east of the Village of Arcanum, 12 miles SE of Greenville, county seat. St Rt 49 and school within 2 miles; Hospital and major retail shopping in Greenville. Employment available in the county and the Dayton market (20 mi SE) and municipalities along the I70 corridor. No adverse factors observed. "Other" land use is vacant, agricultural, parks, streams, etc.

Market Conditions (including support for the above conclusions) Note: The data reported above for 'One-Unit Housing Trends' and 'One-Unit Housing Price/Age is reflective of the reported activity of Comparable/Competing properties in the 'Neighborhood' as defined by its boundaries. See 'Neighborhood Market Area' definition, 'Market Conditions', 'Definition of Declining Markets' & 'Reconciliation with the 1004MCA' in the Supplemental Addendum (if included). Exposure Time is similar to Marketing Time.

Analysis of prior sale or transfer history of the subject property and comparable sales: Subject: No other transfers in prior three years of the appraisal date. Comparables #1: 1/30/2026 To ANDERSON PROPERTY INVESTMENTS LLC from BUNCH JANET K 97 578 / 800 WARRANTY DEED $180,000.00. No other recorded transfers in prior one year of their last sale dates. See Comparable Sale comments in the *Supplemental Addendum.*

Summary of Sales Comparison Approach: Heavy weight is given to comp #1 (closest in proximity) and comp #2 (least net adjustment & 4 bedrooms). It is noted that the final value is in excess of the predominant value of the Market area, however the subject is still within a marketable range for competing properties; Due to low density rural location or limited sales, the Market Area encompasses a wide range of housing values. The Subject is not considered over-improved for the neighborhood and its being in excess of the predominant value does not have a negative impact on its marketability. See Additional Comments and Supplemental Addendum.

Indicated Value by Sales Comparison Approach $ 398,000

RECONCILIATION

Indicated Value by: Sales Comparison Approach $ 398,000 **Cost Approach (if developed) $** **Income Approach (if developed) $**

See Additional Comments

This appraisal is made ☐ "as is", ☐ subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, ☒ subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or ☒ subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair: See additional comments.

Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is $ 398,000 **, as of** 11/10/2026 **, which is the date of inspection and the effective date of this appraisal.**

Uniform Residential Appraisal Report

411-7095208
File # 411-7095208

ADDITIONAL COMMENTS

Lender Loan Number: 1002509084

ANSI Declaration: A 2 story detached single-family dwelling with 1,807 above-grade finished square feet and 1,162 below-grade finished square feet. The first level includes the staircase square footage. In addition, the property includes a porch & patio. A one car garage and a 2 car detached garage is also present.

RECONCILIATION: The Sales Comparison Approach was given most weight due to the availability of verifiable comparable home sales data. It is also the most accurate indicator of value, because it reflects the actions of buyers and sellers. The Cost Approach was developed to determine Depreciated Cost (Contributory Value) adjustments. Adjustments where warranted, are based on applicable methodologies used in appraisal practice. The method used is Depreciated Cost (Contributory Value). Adjustments for building characteristics are developed with the depreciated cost method. Effective age and remaining economic life is extracted from the market. The cost approach is used to measure depreciation, not as a means to estimate value. The resulting adjustments are therefore market based. Adjustment Calculations and the Depreciated Cost Adjustments summary are attached. The Cost Approach has not been reported on the appraisal form, however it is included in the Adjustment Calculator Report, attached. The Income Approach was considered, but deemed not applicable due to the subject's neighborhood being predominantly owner occupied & the limited number of sales data of tenant occupied dwellings. Purchases are typically made with the intent to occupy rather than rent.

This appraisal report adheres to the development and reporting options of The Uniform Standards of Professional Appraisal Practice (USPAP), FIRREA Title XI Appraisal Regulations and The Appraisal Independence Standards set forth by H.R 4173.

This appraisal was completed in compliance with the Dodd Frank, Appraisal Independence "AIR" and Mortgagee Letter 2009-28, as described in the FannieMae Selling Guide, effective as of October 23, 2013 and all FHA/HUD minimum guidelines as outlined by HUD Handbook 4000.1.

The Appraiser has met the HUD 4000.1 guidance specific to Nondiscrimination Policy; and compliance with FHA Guidelines and Appraiser Conduct.

The signing appraiser who completed this appraisal report is currently an approved FHA roster appraiser.

The Appraiser's performance and the appraisal report complies with all applicable laws including the Fair Housing Act and other federal, state and local antidiscrimination laws. See Supplemental Addendum.

This appraisal is made "subject to" the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed and subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair: Range in the below grade area to be removed and the 220 Electric capped; installation of Smoke/CO detectors adjacent to level 2 bedrooms (1), in bedroom #3 (level 2) (1) in the below grade bonus room (1) and bedroom (1); Handrails are to be installed at the following locations: Both steps at front porch, entry from garage to level one; entry from outside ground level to below grade (south side of dwelling) and a satisfactory water test

COST APPROACH

COST APPROACH TO VALUE (not required by Fannie Mae)

Provide adequate information for the lender/client to replicate the below cost figures and calculations.

Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value) Site value is based on prior and/or current analysis of land sales extracted from the market area. The Land to Value Ratio Percentage is 9% and is typical for the area (6% to 15%)

Are the common elements leased to or by the Homeowners' Association? ☐ Yes ☐ No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

Form 1004UAD - "TOTAL" appraisal software by a la mode, inc. - 1-800-ALAMODE

Uniform Residential Appraisal Report

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.

2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.

3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.

6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Form 1004UAD - "TOTAL" appraisal software by a la mode, inc. - 1-800-ALAMODE

Uniform Residential Appraisal Report

411-7095208
File # 411-7095208

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.

2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.

5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.

6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.

7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.

9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.

10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.

11. I have knowledge and experience in appraising this type of property in this market area.

12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.

14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.

16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.

17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.

18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).

19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

411-7095208
File # 411-7095208

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

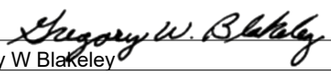

2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.

4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

PURPOSE OF THE APPRAISAL

The purpose of this Appraisal Report is provide the Lender/Client with an accurate and adequately supported, opinion of the Market Value of the Subject property. The opinion of Market Value is based on ownership in fee simple.

Client (Definition): The Client is the party or parties with whom the appraiser has an appraiser-client relationship in the related assignment, and may be an individual, group, or entity. The appraiser-client relationship creates a level of confidentiality in connection with this assignment. Just because a third party, such as a borrower, may receive a copy of this report, they do not have the rights of the Client and/or Intended User(s) named herein. Confidential information is information that is either: identified by the Client as confidential when providing it to an appraiser and that is not available from any other source; or classified as confidential or private by applicable law or regulation.

The appraiser has not identified any purchaser, borrower or seller as an intended user of this appraisal and no such party should use or rely on this appraisal for any purpose. Such parties are advised to obtain an appraisal from an appraiser of their own choosing if they require an appraisal for their own use. This appraisal report should not serve as the basis for any property purchase decision or any appraisal contingency in a purchase agreement relating to the property.

The appraiser is required by USPAP to identify the Lender/Client and any Intended Users, by name or type. Per USPAP Statement #9, the actual name of the Client may be withheld, but the withholding must be revealed. The client is the party or parties (i.e., individual, group, or entity) who engage an appraiser by employment or contract in a specific assignment, whether directly or through an agent.

The Lender/Client is: Click n' Close, Inc.

INTENDED USE is solely to assist FHA in assessing the risk of the Property securing the FHA-insured Mortgage (24 CFR § 200.145(b)) subject to the stated Scope of Work, purpose of the appraisal, reporting requirements of this appraisal report form, and Definition of Market Value.

INTENDED USER(S): HUD/FHA and the Mortgagee are the intended users of the appraisal report. No additional Intended Users are identified by the appraiser.

SCOPE OF WORK: See "Scope of Work" as described on the appraisal form. In addition to the "Scope of Work" as described on the appraisal form, the appraiser has expanded the "Scope of Work" to satisfy the client's additional requirements. This includes data reported on the 1004MC Market Conditions Addendum and all FHA/HUD requirements. (A "Scope of Work" in an appraisal is acceptable when it meets or exceeds "the expectations of parties who are regularly intended users for similar assignments; and what an appraiser's peers actions would be in performing the same or similar assignment"). See additional "Scope of Work" comments under Additional Statement of Assumptions, Disclosures and Limiting Conditions, below and on the report form.

DATE OF REPORT: The Date of the Appraisal Report is essentially contemporaneous with the Effective Date. The examination of the market has occurred on or around the Effective Date of the report even though the completion of this assignment may have taken some time. The report has been conducted as a current appraisal and is not retrospective or prospective by nature.

NEIGHBORHOOD DEFINITION AND COMMENTS: "The term Market Area - more than the terms Neighborhood and District - refers to an area where market participants live and work. The term also refers to areas on which appraisers focus when analyzing value influences." From: *The Appraisal of Real Estate* - Twelfth Edition - Appraisal Institute.The following is extracted from "The Appraisal of Real Estate - Twelfth Edition - Appraisal Institute. Neighborhood. Definition: "The environment of a subject property that has a direct and immediate effect on value." [IAAO, Property Appraisal and Assessment Administration (1990), p. 654]. Although physical boundaries may be drawn, the most important boundaries are those that identify factors influencing property values. The area of influence, commonly called a neighborhood, can be defined as a group of complementary land uses. A residential neighborhood, for example, may contain single-family homes and commercial properties that provide services for local residents. A district, on the other hand, has one predominant land use. Districts are commonly composed of apartments or commercial, industrial, or agricultural properties. In broader terms, appraisers analyze the Market Area for the attentions of buyers and sellers in the real estate market. A Market Area can encompass one or more neighborhoods and/or districts. The term Market Area may be more useful than either Neighborhood or District for several reasons: Using the umbrella term Market Area avoids the confusing and negative implications of the other terms. **A Market Area can include neighborhoods, districts, and combinations of both.**

As indicated above, the term "Neighborhood" when used in this report, can indicate the broader term "Market Area".

NEIGHBORHOOD HOUSING TRENDS, MARKET CONDITIONS & DEFINITION OF "DECLINING MARKETS": Definition of Declining Markets. "There is no standard definition of a declining market. In general, based on the tracking of home prices in a certain geographic location (State, Metropolitan Statistical Area, ZIP code, etc), a declining market is one in which home prices are currently declining." (Fannie Mae July 2007) Per Mortgagee Letter 2009-09. "FHA defines a declining market as "any neighborhood, market area, or region that demonstrates a decline in prices or deterioration in other market conditions as evidenced by an oversupply of existing inventory or extended marketing times." A declining trend in the market will be identified by the conclusions of the 1004MCA (if included). The appraiser must provide a summary comment and provide support for all conclusions relating to the trend of the current market. Appraisals of properties located in declining markets must include at least two comparable sales that closed within 90 days prior to the effective date of the appraisal. In some markets compliance with this requirement may be difficult or possible due to the lack of market data and, in these cases, a detailed explanation is required. Whenever declining conditions exist, the appraiser must also provide the following: 1) Include a minimum of two active listings or pending sales on the appraisal grid of the applicable appraisal reporting form." Data is extracted from MLS for median residential housing in the Market Area and/or Neighborhood and filtered down to similar housing and then to competing housing as reported on the 1004MCA (if included). These may sometimes reflect differing trends. This is due to factors such as demand for specific property types such as 2 bedroom verses 3-4 bedrooms, REO, lower bracket, median bracket & upper bracket properties, etc. Data provided by the FHFA (Federal Housing Finance Agency), National Association of Realtors, Realist and other named sources may indicate overall trends in a large geographical area. This information may be dated and may not report on smaller market segments but may be used as indicators for a year over year Market Price Trend. The information reported is to give the reader a snapshot of year over year and "current" (12 month) Market Price Trends. It is noted that although a market may be described as "declining" per above definitions, it does not necessarily mean that "Date of Sale/Price Adjustments" are warranted. The appraiser has used a 12 month time frame to determine if housing prices are "currently" declining, and if so, has made applicable percentage adjustments. The information provided is made with the assumption that the data used from these sources is accurate.

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

NEIGHBORHOOD HOUSING TRENDS / MARKET CONDITIONS
Due to a limited number of sales in this Market Area, it is not possible to establish a meaningful Comparable Market Price Trend. The results of the competing Market Housing Trend indicates the following: Sale Prices: Stable; Demand/Supply: Shortage; Marketing Time: Under 3 months. This data is reported under "Housing Trends" in the Neighborhood Section of the report form. MARKET ANALYSIS RESOURCES: DAB MLS, Corelogic, and/or REALIST

SITE COMMENTS: The highest and best use of the subject is projected based upon location, physical characteristics, past and proposed uses, and applicable zoning. The highest and best use of the subject "as if vacant" is for residential construction. It is the most applicable use, the previous or proposed use, and the most profitable use of the site. Surplus land, if any, may be held as investment or agriculture as an interim utility. The highest and best use of the subject "as improved" is its current use. The improvements have remaining economic life; is the probable future use; is the current and previous use and is legally permissible by zoning or probable future zoning; appears to be financially feasible; and is the maximally productive use available to the subject. The Highest and Best Use of the subject, as revealed by my investigation, is that indicated "as improved."

LOT SIZE: The lot size is based upon public records only. A survey was not completed. If there is any question as to the size of the lot, it is recommended that a survey be completed.

ZONING COMMENTS: A-1 General Agriculture. Residential is permitted. Agricultural zoning is typical in this rural market and does not necessarily have a negative affect on the subjects marketability. Note: Any surplus land and/or other storage type structures reported, are considered to be for hobbies, storage and/or for animals for pleasure. They are not considered to be for agricultural production and / or income. Consideration for any other use is beyond the scope of this Report. This property is not used for farming. here was no indication of income producing business. Dwelling and improvements can be rebuilt.

Utilities:

It is noted that the 'Other' box is checked for Gas (Utilities/Off-site Improvements). This is typical in this rural market and does not have an adverse affect on marketability. All Comparables have similar utilities.

It is noted that the 'Other' box is checked for Sanitary Sewer (Utilities/Off-site Improvements). This is typical and required in this rural this market and does not have an adverse affect on marketability. All Comparables have similar utilities.

It is noted that the 'Other' box is checked for Water (Utilities/Off-site Improvements). This is typical and required in this rural this market and does not have adverse affect on marketability. All Comparables have similar utilities.

Public water & sewer is not available to the site. Hook-up to a public water & sewer system does not appear to be feasible because the nearest public water & sewer is 4 miles from the subject and there no announced plans to provide public water & sewer to this area.

HUD - WELL SPECIFIC: It is noted: The subject lacks connection to a Public Water Supply, so there is an Individual Water Supply System (Private Well).

FHA Handbook states the following: "When an Individual Water Supply System is present, the mortgagee must ensure that the water quality meets the requirements of the health authority with jurisdiction."

Subject is within 1/4 mile of intensive agriculture production.

"As such, Handbook 4000.1 requires the inspection and testing of a private well only in cases where the Appraiser cannot determine that a Property meets HUD's Minimum Property Requirements (MPR) or Minimum Property Standards (MPS) for private wells, or where other documentation in the file may indicate that the private well does not meet HUD's MPR or MPS for private wells."

"If there are no local (or state) water quality standards, then water quality must meet the standards set by the Environment Protection Agency (EPA), as presented in the National Primary Drinking Water regulations in 40 CFR 141 and 142."

Appraiser comment: Since the Appraiser cannot determine that the Property meets HUD's Minimum Property Requirements (MPR) or Minimum Property Standards (MPS) for private wells, a testing of the private well is required and the appraisal is made "subject to" testing of the private well. The appraisal is made 'subject to' a satisfactory water test.

The well casing is above ground level.

On the day of the appraisal walk through there was no evidence of foal odor or discoloration of the water.

Per the attached septic system sketch, distance between well and septic systems do meet HUD Handbook 4000.1.

Additional Septic System Comments: Every homeowner in the state of Ohio is required by law to have an Operation Permit to operate their sewage treatment system (OAC 3701-29-09(I)). Ohio Administrative Code Section 3701-29-23(A) states “The Board of Health may at any reasonable time inspect any sewage treatment system, part thereof, or proposed STS site, to conduct sampling, collect data, or perform other activities necessary to assure compliance with this chapter.” Therefore, the health department will inspect without a service provider contract.

Diesel fuel storage: There is a fuel tank outside, above ground. On the day of the walk-thru there was no indication of leakage. The appraisal is made with the assumption that fuel storage tank is in at least sound condition. Above ground storage tanks and under ground storage tanks can be typical in this market and are do not necessarily have a negative impact on marketability.

FLOOD HAZARD ZONES: The subject site and dwelling do not appear to lie within a FEMA special flood hazard area. This information was found through a flood source provider supplied by the appraiser's software vendor or through FEMA maps. The flood source data is not officially certified to comply with federal regulations. To guarantee or determine for certain that this property does or does not lie in a FEMA designated flood zone, a Flood Certificate should be acquired from a qualified certification agency. No warranties or guarantees are made, or expressed as to the subject property either being in a Flood zone or not being in a Flood zone, by this report, any individual appraiser, or this appraisal company. FEMA information is not warranted. (See STATEMENT of ASSUMPTIONS and LIMITING CONDITIONS)

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

DESCRIPTION & CONDITION OF THE IMPROVEMENTS: The following are definitions regarding terms used to describe the Condition of Subject property and/or Competing properties:

Needed Repairs: to restore by replacing a part or putting together what is torn or broken: FIX

Deterioration: the action or process of becoming impaired or inferior in quality, functioning, or condition: the state of having deteriorated; implies generally the impairment of value or usefulness.

Renovations: to make new; (renewing by cleansing, repairing, or rebuilding; (especially a building) to a like new state of repair; Synonym - modernize; Restore - return to an original state after depletion or loss;

Remodel: to alter the structure of : REMAKE; Synonyms - alter, change, make over, modify, refashion, revamp, rework.

Updating: to bring up to date; Synonyms: contemporize, modernize. This term is similar to "Remodel" listed above. May also be applied to Decor.

The overall quality of construction is Q4. See UAD Definitions Addendum.

The overall condition of the dwelling and improvements is C3. See UAD Definitions Addendum

Physical depreciation is listed under normal wear and tear as incurable. It is estimated on a straight line basis, using effective age and estimated remaining economic life. The physical depreciation is based on a modified economic age/life method. No unusual functional obsolescence or external inadequacies were observed, other than reported.

The utilities were on at the time of the appraisal walk-through. A representative sample of the mechanical elements were tested (toilet flushed, lights turned on and off, faucets working, heating/air conditioning checked) The representative sample of the mechanical elements were working. There was no indication of standing water or excessive moisture in the basement or crawlspace.

The attic was observed head & shoulders by means of a scuttle. The attic area was vented and no indication of water intrusion was observed. The attic meets minimum FHA/HUD guidelines. Full access was not possible due to a lack of flooring and AC ductwork.

The crawl space was observed by means of a scuttle. Access height is adequate. The crawlspace was vented. Excess dampness or pooling of water was not observed. Installation of a vapor barrier is not required. The water heater is in the crawlspace.

There were no obvious signs of wood destroying organisms, however the appraiser is not an expert in this type of identification. If there are concerns regarding wood destroying organisms, it is recommended that an inspection by a professional in identification of wood destroying organisms be conducted. The crawl space meets minimum FHA/HUD guidelines. See Photo.

The following Cabinets were present in the dwelling: Kitchen, Bath, flex space and Laundry - Operational? Yes

The following Appliances were present in the dwelling. Description, Type and if Operational described below.
Dishwasher - Real - Operational? Yes
Garbage Disposal - Real - Operational? Yes
Range - Personal - Conveyed? No
Microwave - Real - Operational? Yes
Range Exhaust - Real - Operational? Yes
Bath Exhausts - Real - Operational? Yes
Refrigerator - Personal - Conveyed? No
Washer/Dryer - Personal - Conveyed? No

The effective age of this dwelling is less than its actual age because it has been renovated and/or updated over the years, and is an estimate based on the amount of normal / typical maintenance and updates. No significant deferred maintenance was observed, other than reported.

HEALTH and SAFETY

Handrails / Railings: FHA/HUD and Universal Building Codes address the use of handrails and railings for occupant safety. Since this is a Universally recognized safety concern, the appraiser has noted the deficiency. Locations for handrail installation is identified below. The location, size and height is listed below for guidelines.
Handrails / Railings: The Ohio Administrative Code - 4123:1-3 Division of Safety and Hygiene reports the following:
Handrails shall be provided on at least one side of each continuous run of treads or flights with four or more risers
(a) "Handrail" means a single bar or pipe supported on brackets from a wall or partition, as on a stairway or ramp.
(b) "Stair railing" means a vertical barrier erected along exposed sides of a stairway.
(c) "Riser" means the vertical distance from the top of a tread to the top of the next higher tread.

Handrail height, measured vertically from the sloped plane adjoining the tread nosing, or finish surface of ramp slope, shall not be less than thirty-four inches (864 mm) and not more than thirty-eight inches (96-5 mm).

Handrails for stairways shall be continuous for the full length of the flight, from a point directly above the lowest riser of the flight. Handrail ends shall be returned or shall terminate in newel posts or safety terminals. Handrails adjacent to a wall shall have a space on not less than one and one half inch (38 mm) between the wall and the handrails. **"Grip size" of the handrail: Handrail diameter, if round TO BE 1.25" to 2" or if other than round a total perimeter of 4" to 6.25". NOTE: PER THIS DESCRIPTION, 2" X 4" (NOMINAL SIZE) - 1.5" X 3.5" (ACTUAL SIZE) LUMBER DOES *NOT* QUALIFY AS A "HANDRAIL"**.

Plumbing & Heating: Ohio Code / HUD 4000.1: Water heater temperature relief valve diverter and / or pan installed.

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

The water heater does have a temperature relief valve diverter. Ohio Plumbing Code states: Where a pan drain was not previously installed, a pan drain shall not be required for a replacement water heater installation. and / or pan installed.

In this market it is not a State requirement to have the water heater double strapped.

Smoke Alarms & CO (Carbon Monoxide) Alarms:

FHA Guidelines states "At least one operating UL approved Smoke Detector (Alarm), acceptable to the local building and fire codes, must be installed in each hallway adjacent to the bedrooms. On levels of the home that do not include bedrooms, at least one operating smoke detector (alarm) must be centrally located".

FHA Guidelines also require that dwelling have CO Detectors (Alarms) since it is an Ohio Code. The detection has to be installed in the dwelling unit outside of each separate sleeping area in the immediate vicinity of the bedrooms.

Locations requiring Smoke/CO Alarms are described below.

All battery-operated smoke detectors must be replaced with 10-year battery models upon their expiration. The requirement applies to both new and existing homes.

NOTE: SMOKE DETECTORS & CARBON MONOXIDE ALARMS. The appraiser does not warranty if the device is working, just that it is there. The test button does not test the workability of a device-only the alarm. Just because it sounds an alarm, doesn't guarantee it works). The age of the devices are unknown. (Carbon monoxide alarms expire after five to seven years (some after ten years), and Smoke alarms expire after ten years).

FHA/HUD REQUIREMENTS

The property **does not** meet all MPR requirements per HUD handbook 4000.1

As such, the following repairs(s) and/or inspection(s) are required: Range in the below grade area to be removed and the 220 Electric capped; installation of Smoke/CO detectors adjacent to level 2 bedrooms (1), in bedroom #3 (level 2) (1) in the below grade bonus room (1) and bedroom (1); Handrails are to be installed at the following locations: Both steps at front porch, entry from garage to level one; entry from outside ground level to below grade (south side of dwelling) and a satisfactory water test .

It is noted that since the below grade living area has a functioning kitchen and therefore it is considered an ADU. (Accessory Dwelling Unit) ADUs are not legally permitted in Monroe Township.

Estimated Cost To Cure - Repair & Inspection: $2,000.

SALES COMPARISON COMMENTS: The appraisal is based on the information gathered by the appraiser from public records, other identified sources, inspection of the subject property and neighborhood, and selection of comparable sales within the Subject's Neighborhood Market Area. The original source of the comparables is shown in the data source section of the market grid along with the source of confirmation, if available. The original source is presented first. The source and data are considered reliable. When conflicting information was provided, the source deemed most reliable has been used.

Search Parameters: Appraiser conducted a search for comparable properties within the Subjects described Market Area boundaries. Preliminary search parameters included: Arms-length-transactions; Year built - between 1961 & 1975; Style - Any; above-grade finished square footage - within 25%; Bedrooms - 3+; Sales - within 12 months; Site - Between 0.50 & 5 acres. This search found 15 comparable/competing listings and 40 comparable/competing sales.

Comparable / Competing Sales salient features & updates extracted from MLS, County Auditor, other named sources and drive-by observation:

Comparable / Competing Sale #1 (6599 Hollansburg Sampson Road) Remodeled. Open-concept family room and kitchen. The kitchen features new cabinets, quartz countertops. Gas fireplace and patio doors. En suite bath with a tiled walk-in shower and a walk-in closet. New roof, refrigerator, dishwasher, microwave, kitchen cabinets, countertops, bathroom vanities, tub, hardware, lighting, flooring, and paint. Appraiser comments: No Concessions reported. This property is in the neighboring submarket. See adjustment rationale below.

Comparable / Competing Sale #2 (11724 Pansing Road) 4-bedroom, 2 full bath, brick ranch with open floor plan, sunroom, woodburning fireplace, and a 2-car attached garage. 25x36 detached garage with metal roof and a loft area. Appraiser comments: No Concessions reported. This property is in the neighboring / competing submarket. See adjustment rationale below.

Comparable / Competing Sale #3 (3589 Us Route 127) 3-bedroom, 2 full-bath on 1.76 acres; updated bath and bedrooms. Full basement. Updates: water pump, 2 sumps, newer appliances, water heater, and laminate and hardwood floors throughout. Appraiser comments: No Concessions reported. No adjustment for typical Concessions. This property is in the same, neighboring or a competing submarket. See adjustment rationale below.

Comparable / Competing Sale #4 (5849 Sulphur Springs Road) Newly updated, full semi finished basement with an additional detached 2 car garage. Custom kitchen with granite tops, island; solid wood 6 panel doors, bay window, All outbuildings have heat and water hydrants including the attached garage. Roof in 2025 & HVAC in 2023. Appraiser comments: No Concessions reported. This property is in neighboring / competing submarket. See adjustment rationale below.

Comparables Summary & Estimated Value

	Sale Price	Net Adj %	Grs Adj %	Ind Value	Weight
Comp #1:	**335,000**	**22.7**	**23.9**	**411,000**	**23.49**
Comp #2:	**288,500**	**26**	**26**	**363,500**	**22.62**
Comp #3:	**423,000**	**8.4**	**8.4**	**458,500**	**29.87**
Comp #4:	**385,000**	**0.3**	**22.6**	**386,000**	**24.02**

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

ESTIMATED INDICATED VALUE OF THE SUBJECT: $398,000

Heavy weight is given to comp #1 (closest in proximity) and comp #2 (least net adjustment & 4 bedrooms)

It is noted that the final value is in excess of the predominant value of the Market area, however the subject is still within a marketable range for competing properties; Due to low density rural location or limited sales, the Market Area encompasses a wide range of housing values. The Subject is not considered over-improved for the neighborhood and its being in excess of the predominant value does not have a negative impact on its marketability.

The following Information is listed in the same order as the *Sales Comparison Approach*

Proximity to the Subject: It is noted that comparable sales are located across major highways and are more than one mile from the subject, but they are considered the best available within the subjects defined Market Area. This was necessary due to a low density rural location and a limited number of current sales. The nearest and most similar Comparable / Competing properties have been selected. The comparables are within similar competing areas, and therefore, a market location adjustment is not warranted.

Price per above-grade finished square footage exceeding 25%: The price per above-grade finished square footage is comprehensive value, incorporating all items of real estate and real property which contribute to the sale. In this case it was not possible to find three comparables with price per above-grade finished square footage within 25% of each other. This was due to differences in size and other features that affect marketability.

Sales or Financing Concessions: Sales concession are typical in this market but are not usually reported by MLS. No adjustment warranted.

Date of Sale/Time Adjustments: The comparable / competing sales used have been analyzed by the appraiser to determine if there have been any changes in market conditions from the time the comparable / competing sale went under contract to the effective date of the appraisal. This analysis indicates a time adjustment is **not** warranted. **There were 65 listings found and too few to chart meaningfully. In this market area, overall sale prices are stable. No adjustments are warranted. See slide #1 of the *Analytical Addendum***. (The Analytical Addendum is based on data from the local MLS and produced by Titan Analytics - a la mode)

Comparables older than 6 months: The contract or sale date of comparable #2 and #3 exceeds 6 months of the date of the appraisal. Due to a low density area & low turnover and therefore a limited number of comparables, the appraiser has used what is currently available. Time adjustments have not been made. See comments above.

Location - Adjustment Rationale: Comparable / Competing properties closest to and / or with the most similar external influences have been selected. If adjustments have been made, it is based on market research of comparables within the submarket or competing submarkets with similar external influences. A sampling of the local market, competing markets and or published appraiser surveys indicates that 4% is warranted. (Comp #3).

Site Size & Characteristics - Adjustment Rationale: Market research indicates that there is minimal price differences between subdivision lots with public utilities vs. small acre rural lots (0.50 acre - 2 acres) with private well/septic systems. No adjustment warranted.

The subject's site value is based on prior and/or current analysis of land sales extracted from the market area. A market adjustment has been made base on differences in size ($15,000 price per acre) with a 20% threshold.

Actual Age - Adjustment Rationale: The is no market support for differences in "actual age" of dwellings in this physical age range. Adjustments have been applied for differences in "condition" if warranted.

Condition - Adjustment Rationale: It is noted that Comp #2 (C4) Adjusted Sale Price is greater than Comp #3 (C3) indicating that there is a minimal Condition adjustment warranted. There may be marker reaction differences unaware to the appraiser. No adjustment warranted.

Bedroom Count - Adjustment Rationale: It is noted that no adjustment has been made for differences between 3 bedrooms and 4 bedrooms. Market research does not support adjustments for these differences.

Bathroom - Count Adjustment Rationale: This is based on **Depreciated Cost** (Contributory Value). See Adjustment Rationale below and the Adjustment Calculator Addendum.

Above-grade finished square footage - Adjustment Rationale: This is based on **Depreciated Cost** (Contributory Value). See Adjustment Rationale below and the Adjustment Calculator Addendum. (It is noted that a threshold off 100 sq. ft. is applied)

Above-grade finished square footage - greater than 25%: The differences of comp #3 as compared to the Subject is greater that 25%. Due to a low density area **and or** low turnover and therefore a limited number of comparables, the appraiser has used what is currently available.

Below-grade finished & unfinished square footage - Adjustment Rationale: This is based on **Depreciated Cost** (Contributory Value). See Adjustment Rationale below and the Adjustment Calculator Addendum. (It is noted that a threshold of 100 sq. ft. is applied)

Functional Utility: Functional Utility is the ability of a property or building to be useful and to perform the function for which it is intended according to current market tastes and standards; the efficiency of a building's use in terms of architectural style, design and layout, traffic patterns and size and type of rooms.

Functional Utility definitions:
F1: Sets today's standard for maximally functional with almost no functional obsolescence for the typical buyer.
F2: Suffers from minimal functional obsolescence in the eyes of the typical buyer and can be easily cured.

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

F3: Suffers from some functional obsolescence (the kind that is typical in older properties or properties with less popular floor plans) that is not easily cured, but satisfactory for many buyers.
F4: Suffers from obvious and/or severe functional obsolescence that may or may not be curable and negatively affects the overall livability of the improvement for most buyers.

Garage/Carport - Adjustment Rationale: This is based on **Depreciated Cost** (Contributory Value). See Adjustment Rationale below and the Adjustment Calculator Addendum.

Porch/Patio/Deck - Adjustment Rationale: All comparables have similar attached amenities and there is no quantifiable adjustment warranted.

Fireplace - Adjustment Rationale: This is based on Depreciated Cost (Contributory Value). See Adjustment Rationale below and the Adjustment Calculator Addendum.

Fence - Adjustment Rationale: There is no quantifiable adjustment warranted for fencing on properties of this size.

Shed - Adjustment Rationale: This is based on Depreciated Cost (Contributory Value). It is noted that the subject has one shed, however it is on timbers and is not considerted real estate. MLS may report a shed amenities, however it may include structures on timbers that are not classified as Real Estate.

Building(s) - Adjustment Rationale: It is noted that if there are multiple out-buildings (Pole buildings, older barns, large sheds, etc.) they are typically considered a superadequecy for the residential nature of the appraisal. Therefore, the depreciated price per sq. ft. adjustment is limited.

Across the Board Adjustments: There are across-the-board adjustments for the following amenities: finished below grade. Due to limited number of comparables, the appraiser has used what is available. A market adjustment has been made for differences in these amenities.

Comparables exceeding the 10% single line adjustment of their sale prices. Comp #1 & Comp #2 single line adjustment for below grade finished areas exceeds the 10% guideline. Due to a limited number of recent comparable sales with this/these amenity it was necessary to use this/these comparable.

Adjustments exceeding 15% net / 25% gross: Many sales were reviewed in an attempt to find ones with net adjustments of less than 15% and/or within 25% gross of their sales price. Due to a low density area and a limited number of comparables, the appraiser has used what is currently available.

Adjustment Rationale: Any adjustments made are reflective of market reaction. Adjustments where warranted are based on applicable methodologies used in appraisal practice. The method used is **Depreciated Cost** (Contributory Value). Adjustments for building characteristics are developed with the depreciated cost method. Effective age and remaining economic life is extracted from the market. The cost approach is used to measure depreciation, not as a means to estimate value. The resulting adjustments are therefore market based. **See Additional Comments (page 3). Adjustment Calculations and the Depreciated Cost Adjustments summary are included**.

SUMMARY OF THE SALES COMPARISON APPROACH: All transfers were reviewed in the subjects Market Area and/or Greater Market Area. The sales displayed are considered to be the most comparable and/or competing and the best indicators of value for the Subject property. There may be differences that led to larger and more numerous adjustments than are typically found, however the comparables used are simply the most similar available. (See Appraiser's Certification)

DEPRECIATION COMMENTS: The site value is based on prior and/or current analysis of land & site sales from the neighborhood and/or extracted from the Greater Market Area.

ADDITIONAL STATEMENT OF ASSUMPTIONS, DISCLOSURES AND LIMITING CONDITIONS: PRECEDENCE OF COMMENTS, DISCLOSURES, CERTIFICATIONS, AND ASSUMPTIONS: This report contains specific custom comments, disclosures, certifications, and/or assumptions, including but not limited to this addendum. In the case of any conflict, these items shall supersede and take precedence over all other language, requirements, or conditions contained in any preprinted and/or third party (i.e. Fannie Mae or Freddie Mac) forms or documents included herein, or incorporated by reference into the report.

SCOPE OF WORK: APPRAISAL REPORT
A Scope of Work in an appraisal assignment is acceptable when it meets or exceeds:
> The expectations of parties who are regularly intended users for similar assignments; and
> What an appraiser's peers' actions would be in performing the same or similar assignment.

1) In this case, the Scope of Work included a personal visual inspection of the interior and exterior of the subject property, by the appraiser. A complete visual inspection includes viewing areas that are visible and readily accessible. Limitations may include, not viewing the interior of cabinetry or closets, moving personal property in order to view inaccessible areas, or testing building systems (unless otherwise stated). The observation is not intended to be technically exhaustive and is not intended to offer any warranties or guarantees of any kind with regards to mechanical or other systems. The attic and/or crawlspace areas were viewed where possible and readily accessible in case of non-USDA/FHA assignments. The degree of observation is described under ADDITIONAL DESCRIPTION / CONDITION OF THE IMPROVEMENTS above. If not viewed, this report is conducted under the extraordinary assumption that there are not unobserved conditions that would impact the marketability of the property, such as hidden damage. This appraisal is conducted under assumption that building systems are in typical working order. THE APPRAISAL IS NOT A HOME INSPECTION AND THE APPRAISER IS NOT ACTING AS A HOME INSPECTOR IN CONNECTION WITH THIS ASSIGNMENT.
2) The neighborhood has been viewed from the public street. This is not to say that every street in the defined neighborhood was driven and viewed in connection with this assignment. The area was viewed during the performance of this assignment while driving to and from the subject property and when viewing comparable sales. The neighborhood may also have been observed in the recent past.
3) Photos - The exteriors of the comparable properties were photographed by the appraiser where if possible. In the case of a Gated-Community, the appraiser has provided a photo of the entrance of the community and an MLS and/or Auditor photo if available and if requested by the client. The type of photo (MLS or Original) is described on the Photo Page. If it is observed that the Comparable Photos differ from the current season (snow, foliage, etc.), then they have been taken within the past 12

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

months and closer to the time of their original sale dates.
4) In researching, verifying, and analyzing data from reliable public and/or private sources, the County Auditor's website, MLS or property database systems and other reliable sources may have been consulted. The comparable data is based on information gathered from public records (including, where available, exterior and interior photos and descriptions of the improvements), other identified sources, and/or viewing the exterior of the property from the street. The data/verification sources are listed in the Data Source(s), Verification Source(s) sections of the sales grid. Other data sources are listed in the applicable section of the appraisal (i.e. Cost Approach data sources, or Specific Zoning data source). The appraisal is conducted under the assumption that the data obtained from the listed sources is reliable and complete. When conflicting information was discovered, additional research has been performed in an effort to reconcile the discrepancy, with the most reliable information being used.
5) When reporting the analysis, opinions, and conclusions, efforts have been made to present a credible report. The most similar sales and listings (where applicable) obtained through market research have been included in the report.
6) CRAWLSPACE. Definition. A low or narrow space, such as one beneath the upper or lower story of a building, that gives access to plumbing or wiring or equipment. It is understood that if the "crawl space" box is checked and no visual verification is made, it also may mean that the floor construction appears to made with joist's as opposed to a concrete slab. Access may or may not be possible. In some cases, the term "crawl space" is not applicable because the dwelling was not constructed with a "crawl" space. This also applies to comparable properties.
7) BELOW-GRADE SQUARE FOOTAGE of COMPARABLES. The Constraints of the new UAD forms require that if there is a basement and/or cellar, square footage must be listed. Not all County Auditors provide the exact size of basements and/or crawl spaces. If the basement size is not reported by the named sources, the appraiser has made an estimate based on MLS data and/or an rough estimate based on knowledge of typical basement sizes for similar housing in the neighborhood.
8) **IF THE IMPROVEMENTS WERE MEASURED, ANSI Z765-2021 HAS BEEN IMPLEMENTED.** (American National Standards Institute) STANDARDS. For Conventional loans, all dimensions were measured to the nearest inch or tenth of a foot. Photos include below grade rooms, both finished and unfinished. Appraiser Measurement Methodology: The square footage may differ from the Public Record Card. ANSI Z765-2021 is now required by the GSEs. Users of this report should also recognize that minor differences in measurement of above and below grade square footage are common in the appraisal practice.

PERSONAL INSPECTION: a physical observation performed to assist in identifying relevant property characteristics in a valuation service.

Comment: An appraiser's inspection is typically limited to those things readily observable without the use of special testing or equipment. An inspection by an appraiser is not the equivalent of an inspection by an inspection professional (e.g., a structural engineer or home inspector).

USE OF THE WORD "INSPECTION": The word "inspection" if used, is with the intent of being understood as a "viewing" and or "observation". An appraisal is NOT a HOME INSPECTION. Home inspectors generally focus on the soundness and condition of the property in terms of mechanical and/or specific structural items, including testing and evaluating building systems. The appraiser is simply performing an observation of readily accessible areas during the walk through or visual observation from the street, as required by the assignment type. General condition is estimated by the appraiser based on observation during the walk-through. The conditions listed in the report are subjective estimates based on observed or described physical conditions.

EFFECTIVE AGE / REMAINING ECONOMIC LIFE DETERMINATION: The Effective Age and Remaining Economic Life are subjective estimates made by the appraiser. The Effective Age of the subject improvements is a subjective estimation made by the appraiser based on observation, considering the condition, design, and economic forces that affect its value. The Effective Age may or may not be equal to the chronological age based on these factors. Physical depreciation is estimated on a straight line basis using Effective Age and Remaining Economic Life. Physical depreciation is based on a modified economic age/life method. No unusual functional or external obsolescence was observed unless otherwise stated in the body of the report. Remaining Economic Life is the estimated period of time from the effective date of the report to the point that the improvements no longer contribute value to the property. This is a subjective determination made by the appraiser. This estimate is based on the assumption there will be no significant changes in the subject improvements or neighborhood. It is noted that any such changes may extend or shorten the Remaining Economic Life. The Effective Age and Remaining Economic Life are subjective in nature and should not be considered or relied upon as definitive.

MARKETING TIME VS EXPOSURE TIME: "Marketing Time is an opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately AFTER the effective date of an appraisal. Marketing Time differs from Exposure Time, which is always presumed to PRECEDE the effective date of an appraisal." (USPAP AO-7, all caps added for emphasis) Exposure Time is an estimate, which is based on comparable days on market statistical data. The Marketing Time is an estimate, which is based on one or more of the following; statistical information about days on market, information gathered through sales verification, interviews of market participants, and anticipated changes in market conditions. With properties of this type, price appears to have a direct bearing on marketing time. The estimated market value in this report assumes a reasonable marketing time as indicated in the body of the report. Pricing a property below the market value would typically yield a lower marketing time, and pricing a property above the market value would typically yield a higher marketing time. Exposure Time precedes the effective date of this appraisal while Marketing Time follows the effective date of this appraisal. Market value as defined in this report is generated based on the assumption that a reasonable exposure time had already lapsed prior to the effective date of the report. **Exposure Time for this type of property is estimated to be under 3 months based on comparable MLS days on market statistics. Since market conditions in terms of marketing (days on market) appear to be relatively stable, Marketing Time is estimated to be under 3 months**. The estimate of Marketing Time is based on the assumption that the historical data collected and analyzed for this report is representative of future market trends. Any deviation from this assumption may affect the future exposure time of the subject property.

ZONING / EASEMENT DISCLOSURES AND ASSUMPTIONS: While no readily apparent adverse site conditions or external factors were noted, unless otherwise stated, many site-related issues are beyond the scope of this assignment. Statements regarding specific zoning and zoning compliance are provided for general use only. Zoning and building ordinances vary from one municipality to another and can be detailed and complicated in nature. The scope of this assignment does not include researching and analyzing every characteristic of the subject property relative to all local zoning and building ordinances. The current use of the subject property has been compared with uses allowed by the current area zoning classification and reported. Only apparent easements are reported herein. Unless otherwise noted, standard utility and right-of-way easements are typical to the market and do not appear to significantly impact market value. The scope of this assignment does not include performing a title search or survey, which could reveal easements, encroachments, zoning violations, or other issues that may affect value. This report is conducted under the assumption that there are no zoning, building ordinance, easement, or encroachment related

Supplemental Addendum

File No. 411-7095208

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

issues that would affect the appraised value. If this assumption is in error the appraised value may be affected.

ENVIRONMENTAL DISCLOSURES AND ASSUMPTIONS: POTENTIAL HEALTH HAZARDS: The value opinion in this appraisal report is based on the assumption that there is an adequate supply of safe, lead-free drinking water; sanitary waste is disposed of by a municipal sewer or a functioning, properly permitted alternate treatment system; the subject property is free of soil contamination; there is no uncontained friable asbestos or other hazardous material on the property; there are no uncontained PCB's on or nearby the subject property; radon level is at or below EPA recommended levels; any functioning above or below ground storage tanks are not leaking and are properly registered and, if abandoned, are free from contamination and were properly drained, filled and sealed; there are no hazardous waste sites on or nearby the subject property that negatively affect the value or safety of the subject property; there is no significant area of formaldehyde insulation or similar material on the subject property; any home constructed prior to 1978 may contain lead-based paint. No evidence has been provided regarding the known/confirmed existence of any lead-based paint hazard in the home or on the property. Unless stated in this report, the existence of hazardous material of any kind, such as Mold, or any type of Toxic (Inorganic Arsenical Pressure-Treated) Wood, which may or may not be present on the property, has not been identified. The appraiser is not qualified to detect potentially hazardous materials, which may significantly affect the market value of the subject. This report is conducted under the assumption that there is no such material on or in the property. No guarantees are expressed or implied regarding potentially hazardous conditions. When any of the environmental assumptions made in this addendum are not correct, the value opinion in this appraisal may not be valid. Any questions regarding the existence of potential environmental hazards should be directed to a qualified professional.

OVERLOOKED COMPARABLES: The appraiser has made every attempt to arrive at a value based on current market conditions by using comparables from the Subjects Market Area. If a comparable was overlooked and it's use may influence the reported value, the appraiser may analyze the comparable, may include the comparable in the report and may revise the value.

FHA appraisals are no guarantee that the property is free from defects. The appraisal only establishes the value of the property for mortgage insurance purposes. Buyers need to secure their own home inspections through the services of a qualified inspector and satisfy themselves about the condition of the property.

ASSUMPTIONS: Appraiser's "Inventory Analysis," "Median Sale & List Price, DOM" and other observations in this addendum are based on the data source identified above, which appraiser generally believes to be an acceptable source of market data. However, the appraiser cannot verify all of the information in that data source and cannot guarantee the accuracy of such data or conclusions based thereon. The appraiser also cannot guarantee future market conditions affecting the subject property.

EXTRAORDINARY ASSUMPTIONS: *An "extraordinary assumption" is a supposition made by an appraiser when information about a property is uncertain or unknown; essentially, an extraordinary assumption is used when the truth is unclear.*

HYPOTHETICAL CONDITIONS: The appraisal is made “subject to” repairs or alterations and inspection. The appraisal is made with the hypothetical condition that the repairs or alterations have been completed as of the appraisal date, and that the results of the inspection does not require alteration or repair. Use of a hypothetical condition might affect assignment results.

This appraisal report adheres to the development and reporting options of The Uniform Standards of Professional Appraisal Practice (USPAP), FIRREA Title XI Appraisal Regulations and The Appraisal Independence Standards set forth by H.R 4173.

This appraisal was completed in compliance with the Dodd Frank, Appraisal Independence “AIR” and Mortgagee Letter 2009-28, as described in the FannieMae Selling Guide, effective as of October 23, 2013 and all FHA/HUD minimum guidelines as outlined by HUD Handbook 4000.1.

The Appraiser has met the HUD 4000.1 guidance specific to Nondiscrimination Policy; and compliance with FHA Guidelines and Appraiser Conduct.

The signing appraiser who completed this appraisal report is currently an approved FHA roster appraiser.

The Appraiser's performance and the appraisal report complies with all applicable laws including the Fair Housing Act and other federal, state and local antidiscrimination laws.

Prior Services: I HAVE NOT performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within three-year period immediately preceding this assignment.

LICENSURE: This report is within the scope of my certification to appraise in the state of Ohio. Certification number: 2008000008. Class of license: State-Certified Residential Real Estate Appraiser.

Certified or licensed appraiser means a person who is certified or licensed by the State agency in the State in which the property that secures the transaction is located, and who performs the appraisal in conformity with the Uniform Standards of Professional Appraisal Practice and the requirements applicable to appraisers in title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, as amended (12 U.S.C. 3331 et seq.), and any implementing regulations in effect at the time the appraiser signs the appraiser's certification.

See Statement of Limiting Conditions and Appraiser Certification.

Market Conditions Addendum to the Appraisal Report

411-7095208

File No. 411-7095208

The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009.

Property Address 2471 Schnorf Jones Rd City Arcanum State OH ZIP Code 45304

Borrower Colton Beatty & Alyssa Suter

Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions, and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include the data in the analysis. If data sources provide the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc.

MARKET RESEARCH & ANALYSIS

Inventory Analysis	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend		
Total # of Comparable Sales (Settled)	16	17	7	☐ Increasing	☒ Stable	☐ Declining
Absorption Rate (Total Sales/Months)	2.67	5.67	2.33	☐ Increasing	☒ Stable	☐ Declining

Seller-(developer, builder, etc.)paid financial assistance prevalent? ☒ Yes ☐ No				☐ Declining	☒ Stable	☐ Increasing

Explain in detail the seller concessions trends for the past 12 months (e.g., seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs, condo fees, options, etc.). The Dayton Area Board of REALTORS MLS reported no concessions between 11/10/2025 and 11/10/2026. From data collected from sales contracts by the appraiser, seller concession contributions are common and are typically in the range of 3% to 7% and/or $2,500 to $6,000. This report is conducted under the extraordinary assumption that there are no negative influences exerted by seller concessions in the neighborhood. If seller concessions are known they have been reported in the Sales Comparisons analysis.

Are foreclosure sales (REO sales) a factor in the market? ☐ Yes ☒ No If yes, explain (including the trends in listings and sales of foreclosed properties).

The Dayton Area Board of REALTORS MLS reported no foreclosures or short sales between 11/10/2025 and 11/10/2026.

Cite data sources for above information. DABR MLS and or WRIST MLS. Sales verified by Auditor records.

Summarize the above information as support for your conclusions in the Neighborhood section of the appraisal report form. If you used any additional information, such as an analysis of pending sales and/or expired and withdrawn listings, to formulate your conclusions, provide both an explanation and support for your conclusions.

The sale and listing data was derived from a search of comparable/competing homes sales in the market area. Due to low density area and a limited number of sales, the data is limited. The following market conditions were indicated: Sale Prices: Stable; Demand/Supply: In Shortage; Marketing Time: Under 3 months. This information is reported in the Neighborhood section of the report form under One-Unit Housing Trends. Current listings as reported may not equal the total number of listings on page 2 of the Report form because there may be listings in prior months that are no longer current as of the appraisal date.

Appraisers "Inventory Analysis," "Median Sale & List Price, DOM" and other observations in the 1004MC addendum are based on the data source identified above, which appraiser generally believes to be an acceptable source of market data, however, the appraiser cannot verify all of the information in that data source and cannot guarantee the accuracy of such data or conclusions based thereon. (The Analytical's is based on data from the local MLS and produced by Titan Analytics - a la mode)

CONDO/CO-OP PROJECTS

If the subject is a unit in a condominium or cooperative project , complete the following: **Project Name:**

Subject Project Data	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend		
Total # of Comparable Sales (Settled)				☐ Increasing	☐ Stable	☐ Declining
Absorption Rate (Total Sales/Months)				☐ Increasing	☐ Stable	☐ Declining
Total # of Active Comparable Listings				☐ Declining	☐ Stable	☐ Increasing
Months of Unit Supply (Total Listings/Ab.Rate)				☐ Declining	☐ Stable	☐ Increasing

Are foreclosure sales (REO sales) a factor in the project? ☐ Yes ☐ No If yes, indicate the number of REO listings and explain the trends in listings and sales of foreclosed properties.

Summarize the above trends and address the impact on the subject unit and project. .

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been very recently constructed and have not previously been occupied. The entire structure and all components are new and the dwelling features no physical depreciation.*

*Note: Newly constructed improvements that feature recycled materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100% new foundation and the recycled materials and the recycled components have been rehabilitated/re-manufactured into like-new condition. Recently constructed improvements that have not been previously occupied are not considered “new” if they have any significant physical depreciation (i.e., newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category either are almost new or have been recently completely renovated and are similar in condition to new construction.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner’s site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner’s site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from “stock” standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:
3.2 indicates three full baths and two half baths.

Garage/Carport sf	51.29
Total Estmate of Cost New	506,396.95
Depreciation	156,396.95
Depreciated Cost - Improvements	350,000.00
As Is Value - Site Improvements	15,000.00
Market Value Estimate	400,000.00
Economic Life	60.00
Effective Age	19.00
Remaining Economic Life	41.00
% Contributory Value	68.33

The Market Depreciation Calculator uses the format of the URAR Cost Approach section to measure depreciation, as defined in the Dictionary of Real Estate Appraisal: "In appraising, a loss in property value from any cause; the difference between the cost new of an improvement on the effective date of the appraisal and the market value of the improvement on the same date."

"Cost - Depreciation = Depreciated Cost of Improvements"

Depreciated Cost of Improvements / Cost = the percentage of cost being paid by the market. By definition, the same ratio results from Remaining Economic Life / Economic Life.

Adjustment Calculations

GLA sf	80.00	CA GLA sf	50
Basement sf	16.00	CA Basement sf	16
Basement Finish sf	31.00	CA Basement Finish sf	31
Full Bath	8,185.00	CA Full Bath	4092
Half Bath	3,975.00	CA Half Bath	1987
Fireplace	2556	CA Fireplace	1278
Deck sf	26.00	CA Deck sf	13
Covered Porch sf	40.00	CA Covered Porch	20
Screen Porch sf	54.00	CA Screen Porch sf	36
Enclosed Porch sf	60.00	CA Enclosed Porch sf	45
First Garage Stall	13,258.00	CA First Garage Stall	13258
Additional Garage Stall	8,235.00	CA Additional Garage Stall	8235
First Carport Stall	3,127.0	CA First Carport	3127
Additional Carport Stall	2,084.0	CA Additional Carport	2084
Additional Feature 1	4,147.00	CA Add Feature1	4147
Additional Feature 2	0	CA Add Feature 2	0

The values on the left are calculated with the assumption that depreciation impacts all Cost categories equally. If the marginal cost of GLA is $80, and the market is paying 60% of cost for the building as a whole, the adjustment indicated is $48.

The values on the right are calibrated to account for differences in depreciation between cost categories. Functional categories such as the number of garage stalls and basement size are usually not impacted by updating and décor, so calibration is not often required.

The GLA adjustment may need to be calibrated down because size differences alone may be less important than updating and décor differences

APPLICATION AND RECORD OF SEWAGE DISPOSAL INSTALLATION

Name BRIDEN RAUGH, VIRGIL Date 5-14-62

I, or We hereby apply for a permit to install ~~change~~ a privy ~~sewage~~ disposal system ~~~~ on the property located at 1 mi. E. of PITSBURG ON PITSBURG LAURA RD. ON So. SIDE in MONROE Twp. and owned by SAME. (name) (address)

I agree to comply with the rules and regulations of the Board of Health of the Darke County General Health District governing the installation and operation of privies, privy vaults, sewerage and sewage disposal equipment.
I further agree that I will call for final inspection and approval by the Health Department of this installation at least 48 hours prior to its being covered with earth.

Virgil Bridenbaugh (Applicant's Signature) Arcanum OH 45304 (Address)

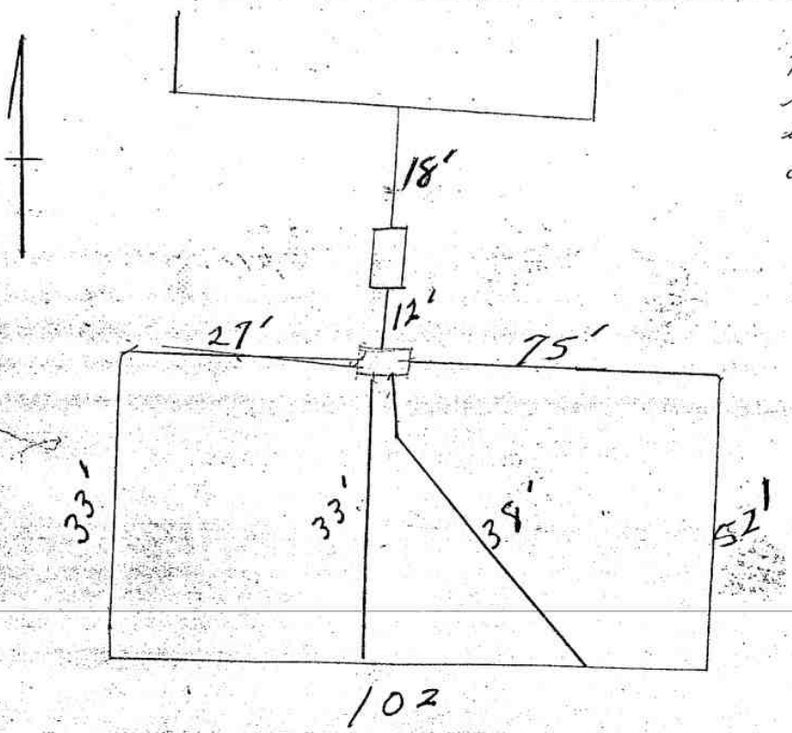

PERMIT NO. 3294 DATE PERMIT ISSUED 5-14-62

SEWAGE TANK 500 gallon. TILE DISPOSAL FIELD 250 lin ft.

SEWER MATERIAL: Cast Iron ~~Cement Asbestos~~ Vitrified with bituminous joints ~~~~

DRAINAGE INTO DISPOSAL SYSTEM

REMARKS Insp. by 6-27-62 D.S.J.

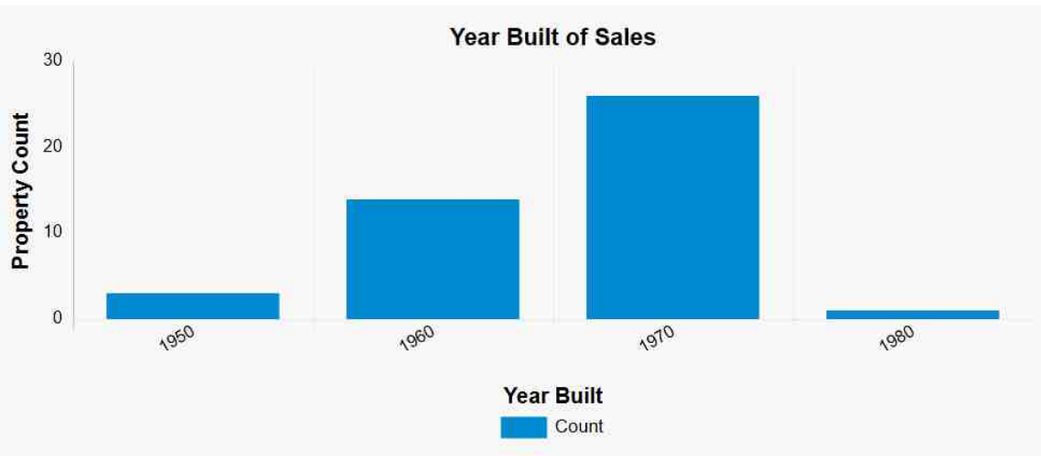

Made own installation inlet and outlet too low in tank causing leaching lines to be approx 3½' deep.
Stone used in bottom of trench finished up with crushed stone.

Analytics Addendum

Borrower	Colton Beatty & Alyssa Suter						
Property Address	2471 Schnorf Jones Rd						
City	Arcanum	County	Darke	State	OH	Zip Code	45304
Lender/Client	Click n' Close, Inc.						

This chart shows the avg sale price for competing properties grouped by month from 11/11/25 through 11/10/26 with a secondary axis demonstrating the number of properties per group.

This chart demonstrates the property count by year built in the market area between 01/01/50 and 12/31/90.

This graph demonstrates the months of housing supply per month by taking the active number of listings during that month and dividing by the average number of sales per month over the 12 months trailing.

For each month from 11-11-2025 to 11-10-2026 this chart shows the median price for both sales and listings in the subject market.

This report was prepared under the following USPAP reporting option:

☒ Appraisal Report — This report was prepared in accordance with USPAP Standards Rule 2-2(a).

☐ Restricted Appraisal Report — This report was prepared in accordance with USPAP Standards Rule 2-2(b).

Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: See Addendum

Additional Certifications

I certify that, to the best of my knowledge and belief:

☒ I have NOT performed services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

☐ I HAVE performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
- Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

Appraiser Independence Certification

I do hereby certify, I have followed the appraiser independence safeguards in compliance with Appraisal Independence and any applicable state laws I may be required to comply with. This includes but is not limited to the following:

- I am currently licensed and/or certified by the state in which the property to be appraised is located My license is the appropriate license for the appraisal assignment(s) and is reflected on the appraisal report.
- I certify that there have been no sanctions against me for any reason that would impair my ability to perform appraisals pursuant to the required guidelines.

I assert that no employee, director, officer, or agent of Stewart Valuation Intelligence, or any other third party acting as joint venture partner, independent contractor, appraisal management company, or partner on behalf of Click n' Close, Inc., influenced, or attempted to influence the development, reporting, result, or review of my appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery, or in any other manner.

I further assert that Click n' Close, Inc. has never participated in any of the following prohibited behavior in our business relationship:

1) Withholding or threatening to withhold timely payment or partial payment for an appraisal report;

2) Withholding or threatening to withhold future business with me, or demoting or terminating or threatening to demote or terminate me;

3) Expressly or impliedly promising future business, promotions, or increased compensation for myself;

4) Conditioning the ordering of my appraisal report or the payment of my appraisal fee or salary or bonus on the opinion, conclusion, or valuation to be reached, or on a preliminary value estimate requested from me;

5) Requesting that I provide an estimated, predetermined, or desired valuation in an appraisal report prior to the completion of the appraisal report, or requesting that I provide estimated values or comparable sales at any time prior to my completion of an appraisal report;

6) Provided me an anticipated, estimated, encouraged, or desired value for a subject property or a proposed or target amount to be loaned to the borrower, except that a copy of the sales contract for purchase transactions may be provided;

7) Provided to me, or my appraisal company, or any entity or person related to me as appraiser, appraisal company, stock or other financial or non-financial benefits;

8) Any other act or practice that impairs or attempts to impair my independence, objectivity, or impartiality or violates law or regulation, including, but not limited to, the Truth in Lending Act (TILA) and Regulation Z, or the USPAP.
