RESIDENTIAL VALUATION SERVICES (RVS) - EVALUATION

PRODUCT DISCLAIMER:

This valuation is not an appraisal. Though market value is a component of this valuation, the information and value conclusion within was not from a person licensed or certified under applicable law to perform appraisals unless otherwise noted within the report.

SCOPE OF WORK:

The preparer must, at a minimum: (1) perform a visual inspection of the subject property as notated on page 1 of this evaluation, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this report.

DEFINITION OF MARKET VALUE:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale; the buyer and seller each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. (As defined by Title XI, 12 CFR part 34 Subpart C)

PREPARER'S CERTIFICATION: The preparer certifies and agrees that:

1. I performed a complete visual inspection of the subject property as notated on page 1 of this evaluation. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

2. I have adequate comparable market data to develop a reliable value conclusion for this assignment.

3. I researched, verified, analyzed, and reported on any current agreement of sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this evaluation, and the prior sales of the subject property in the twelve months prior to the effective date of this evaluation, unless otherwise indicated in this report.

4. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

5. I have knowledge and experience in evaluating this type of property in this market area.

6. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

7. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this evaluation. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

8. I stated in this evaluation report my own personal, unbiased, and professional analysis, opinions, and conclusions in this report.

9. I personally prepared all conclusions and opinions about the real estate that were set forth in this evaluation report.

10. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest of bias with respect to the participants in the transaction.
